W. S. HOPKINS,

Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 12846 A.—The 2nd July 1929.—The following rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1929 are published for general information. Separate announcements will be made of the date and place of the examination:—

Rules.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes as enumerated on page 189, Part I of the Report of the Calcutta University Commission and to the Anglo-Indian, Indian Christian and Buddhist communities and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The head of an office in the Bengal Secretariat also retains the power to appoint men of special ability or aptitude to any post in the office when, on account of the special requirements of the post or other exceptional circumstances, the post cannot be filled in the ordinary way.

3. **Choice of Service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services but Government reserve the right to offer to a candidate an appointment to a Service for which the candidate has not specified a desire to compete.

4. **Communal representation.**—The examination board will submit to Government separate lists showing (a) the Muhammadan candidates, (b) the candidates belonging to the backward classes and other minorities, and (c) all others. Appointments will be made from these lists in the order of merit of the candidates, subject to the following provisions:—

Government reserve the right to nominate any qualified candidate in list (b).

In services other than the Upper Division of the Secretariat Clerical Service Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. In the Upper Division of the Secretariat Clerical Service the minimum proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed

PAR

the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident, in other cases; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

8. Application fee.—No application will be taken into consideration by the nominating authority, unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

order

10. Nomination.—The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal, shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of a non-collegiate student nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. Selection certificates.—In order to make the appraisalment of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

12. Conditions of eligibility.—The indispensable qualifications of a candidate are—

- (a) that he is a native of the province or has a permanent domicile within the province;
- (b) that he is a natural born subject of His Majesty or of an Indian State;
- (c) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held;
- (d) that he is a graduate;
- (e) that he is of good character; and
- (f) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his character and stating that he is a native of or has a permanent domicile within the province of Bengal. Such certificates must have been written not more than one year prior to the date of application.

13. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

14. **Eligibility of Government servants.**—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. **Syllabus of examination and marks.**—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition for appointment, candidates whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

- (i) Bengali,
- (ii) Hindi,
- (iii) Urdu,
- (iv) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. **Medical examination.**—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that a considerable number of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

W. S. HOPKINS,

Chief Secretary to the Government of Bengal (offg.).

SCHEDULE I.

Candidates who select as their optional subjects Physics, Chemistry, Botany, Geology, Physiology or Zoology and have not produced evidence that they possess a degree in the subject or subjects selected will be required to pass a practical test. If they fail to satisfy the examiners in this test they will earn no marks in the whole subject.

(ii) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected he shall score no marks in that subject.

(iii) Candidates will also be liable to undergo a *viva voce* examination if so required by the examiners.

(iv) In awarding marks in all the subjects the candidate's knowledge of English, as shown by the answers, will be taken into account.

(v) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(vi) The following details may prove helpful to a candidate as indicating the standard and nature of the examination:—

I.—COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali and who did not take up Bengali as their vernacular at the University examinations the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidate's power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500-600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Vulgar and Decimal Fractions. Ratio and Proportion. Areas and Volumes of Simple Figures and Solids. Percentages. Simple Interest. Easy Factors. Simple Equations. Graphs of Simple Equations and of Sets of Data. Elementary Geometry of the Straight Line, Triangle and Circle.

The paper will consist largely of Problems with Arithmetical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

II.—OPTIONAL SUBJECTS.**1.—English Literature.**

(a) General history of English literature. Questions will be set to test the candidate's knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(b) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

Note.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.**(a) Pure.****(i) Algebra.**

Binomial theorem.

Convergency, divergency, and summation of series.

Variation.

Theory of limits.

Inequalities.

Continued fractions.

Determinants.

Elementary theory of equations including the approximate solution of numerical equations.

(ii) Geometry.

Geometry of the triangle, circle and conic sections.

Analytical Geometry of the straight line and conic sections.

Trigonometry: circular and hyperbolic functions: properties of triangles: summation of series: De Moivre's theorem: factorisation: expansion of the circular and hyperbolic functions in series.

Geometry of three dimensions: plane straight line: conicoids: generating lines of conicoids: curvature of surfaces.

(iii) Differential and integral calculus.

Theory of limits: differentiation: maxima and minima: summation of series: partial differentiation: integration: definite integrals: reduction formulae: differential equation of the first and second orders: Fourier's series: applications to the geometry of curves.

(b) Mixed.**(i) Statics.**

Statics of single particle.

Statics of systems of particles.

Friction.

Centre of mass.

Principle of virtual work.

Equilibrium of strips.

Machines.

(ii) Dynamics of a particle.

Velocity, acceleration, laws of motion.

Projectiles.

Impact.

Work and energy.

Motion of a particle in a plane under the influence of forces: orbits.

(iii) Hydrostatics.

Fluid pressure: centre of pressure on curved surfaces.

Conditions of equilibrium of a floating body.

Theory of the Metacentre.

Hydraulic and pneumatic machines.

(iv) Astronomy.

Elementary spherical trigonometry: refraction: parallax: precession: nutation: aberration: the sun and the moon: eclipses: measurement of time: the equation of time: determination of latitude and longitude: sextant: the principal instruments in an observatory: descriptive discussion of the principal constellations: comets: nebulae.

3.—Physics.**(a) General, Heat and Light.***(i) General Properties of matter.*

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic aberration, spherical aberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electro-magnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radioactivity, structure of the atom.

(c) Practical.

The practical examination involves experimental work ranging over the above syllabus.

The standard is indicated by the following text books:—

General Properties of Matter	} Poynting and Tomsen.
Heat	
Light	
Magnetism and Electricity	J. J. Thomson.

4.—Chemistry.**(a), (b) and (c) Inorganic, Organic and Practical.**

Kinetic Theory of Molecules and its applications; Dalton's Atomic theory; Atomic and molecular weights; Structural Chemistry and Stereo-isomerism; Periodic Law; Radio activity and modern views regarding the constitution of matter. Laws of true solution; Colloidal solution; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogenous system; Rate of chemical transformation; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions.

The common elements and their important compounds; the inert gases; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives:—methane and ethane; ethylene and acetylene; benzene, toluene, anthracene, pyridine and naphthalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate; lactic, oxalic, malonic, succinic, malic, tartaric and citric acids; fumaric and maleic acids, glycerol and urea. Chemistry of esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and Azocompounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing four inorganic radicals; identification of a common organic compound; simple gravimetric and volumetric estimation.

5.—Classical languages.

(i) Latin.

(a) Translation.

The paper shall consist of (a) passages for translation from Cicero or Caesar, and Virgil or Lucretius, (b) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (c) a piece of English prose for translation into Latin. 150 marks of which 75 shall be given to (c).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(ii) Greek.

(a) Translation.

The paper shall consist of (a) passages for translation from Homer and Demosthenes, (b) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Xenophon, Plato, (c) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (c).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks to the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(a) Translation; (b) Language, Literature and Grammar.

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and Literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic, and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

(iv) Arabic.**(a) Translation.**

- (i) From English into Arabic and (ii) from Arabic into English.

(b) Language, Literature and Grammar.

Muhammadian civilisation including—

- (i) History and (ii) Literature.

- (i) The outline of *Muhammadian History* from the beginning of Islam up to the fall of the Abbasides of Baghdad in the middle of 13th century A.D.

- (ii) A general knowledge of the *History of Arabic Literature*. Grammar according to modern method and elements of Arabic prosody and Rhetoric.

(v) Persian.**(a) Translation.**

All translation will as far as practicable be from and into the present day language of Iran.

(b) Language, Literature and Grammar.

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, *e.g.*, the Ghaznavi and Saljuki period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsurī, Minūshihri, Anvari, Nāsir-i-Khisorān, Khayyām, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

(vi) Pali.**(a) Translation.**

- (i) Passages prose and verse of moderate difficulty for translation from Pali into English.
(ii) A passage of moderate difficulty for translation from English into Pali.

(b) Language, Literature and Grammar.**1. Knowledge of literature will include—**

- (i) A knowledge of canonical literature and commentaries as well as literature outside the canon;
(ii) History of Buddhism from its rise to the 7th century A.D.
(iii) Indian civilisation as depicted in the canonical Pali literature; and
(iv) Indian thought and ideals at the time of the rise of Buddhism.

2. The questions on language and grammar will include—

- (a) Elementary knowledge of Sanskrit grammar;
(b) Elementary knowledge of the principles of comparative philology; and
(c) Knowledge of Indian inscriptions from the earliest times to the 2nd century A.D.

A fairly wide choice of questions will be given.

(vii) Urdu.**(a) Translation.**

- (i) From English into Urdu and (ii) from Urdu into English.

(b) Language, Literature and Grammar.

- (i) A general knowledge of the history of Urdu language and literature.
(ii) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

6.—History.**(a) Indian History.**

A knowledge of Ancient, Mediæval and modern India will be required. The main stress will be laid on the period 1500-1920 A.D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known; also the history of foreign countries, so far as it directly affected the history of India.

(b) English and European History.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A.D. Political, military, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.**(a) Metaphysics and Ethics.**

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. *A priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcendence, Agnosticism, Septicism, Pantheism, Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Morality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconscious. Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.**(a) Political Economy; (b) Economic History and application to India.**

Political Economy.—This subject will include the Organization of Production; theories of consumption, Value, Monopoly and Distribution; the problems of Population, Labour and Industrial Peace; the theories of Money, Prices, Credit and Banking; the mechanism and theory of international Trade and Foreign Exchange; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India, and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the industrial history of England.

9.—Botany.**(a) and (b) Theoretical Course.**

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algae (*Chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria*, and *Chara*). Fungi (Yeast, *Mucor*, *Peronospora*), Muscineae (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium*, *Sellaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms. Physiology of plants including the principal experiments. Outlines of the ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice, and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

(c) Practical Course.

Knowledge of microtechnic including free hand section cutting for microscopical examination. Drawing of dissection of flowers and microscopical sections. Referring common plants of Bengal to their Natural orders. Identification of plants by analytical tables. Simple physiological experiments.

10.—Geology.

The examination in Geology shall consist of (a) and (b) two theoretical papers, and (c) one practical paper.

(a) and (b). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheaval and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock types. Building materials.

Palaeontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(c) The practical examination shall include (i) the identification and description of rocks and minerals, (ii) the description of microscopic sections of rocks, (iii) the recognition of important genera of fossils and (iv) the drawing and interpretation of geological maps and sections.

11.—Physiology.**(a) and (b) Theoretical Course.***General Physiology.*

1. The Cell-membrane, Physico-Chemical processes—diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Endymeaction.

Chemical Physiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, liquids and proteins, Chemical Physiology of blood and lymph. Coagulation, Haemolysis, Precipitins, Tests for blood. Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes. Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, Functions of nerve-cells and nerve fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamins, physiology of endocrine organs, hormones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production, and speech, Physiology of the Central and Autonomic nervous systems, special physiology of the organs of sense and Physiology of growth and reproduction.

(c) Practical Course.

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, Chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constituents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtome and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Hæmacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiological investigation. A practical acquaintance with the methods of performing the following experiments:—

1. **Muscle and nerve.**—Myographic method of demonstration of the contraction of muscle under various conditions. Tetanus. Fatigue. Work done by a contracting muscle. Conduction in a nerve. Velocity of nerve-impulse.

2. **Experiments on the frog's heart.**—Normal tracing of the heart's beats. Modifications of the tracing by the application of heat and cold, drugs and stimulation of the vago-sympathetic trunk.

3. Sphygmographic tracing of the pulse. Determination of the blood pressure in man by means of Sphygmomanometers.

4. Experiments on reflex action in "Spinal" frog.

12.—Zoology.**(a) and (b) Theoretical Course.**

Scope of zoology and principles of classification.

Animal cell. Cell division. Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X); Protozoa, Porifera X, coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinoderma, X, Chordata, Hemichorda, Cephalochorda X, Urochorda, X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell in inheritance. Eugenics.

(c) Practical Course.

Knowledge of micro-technic, including section cutting by paraffin method, Microscopic examination and dissection of Amoeba, Paramoecium, Monocystis, Spongilla, Hydra, Irene, Pheretima, Palaemon, Periplaneta, Amelidens, Ampullaria, a starfish, a sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

13.—History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues, but a good knowledge of the social, political and economical conditions of the Islamic Empire and of the literary, philosophic and scientific activities of the Muslims under the Caliphate. In this connection special attention should be paid to foreign and particularly Hellenistic influences on Islamic thought and culture. He will be further required to know the sources of information on his subject—contemporary and modern—and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his capacity for seizing on the essentials as opposed to non-essentials in a long, complicated narrative.

14.—Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

15.—Ancient Indian History and Culture.

1. The age of the Vedas,—the Samhitas, the Brahmanas and the Sutras.
2. Rise and development of Buddhism and Jainism.
3. Political history from the 7th century B.C. to the 12th century A.D.
4. Administrative system and political theories.
5. Economic condition, including trade and maritime activity.
6. The social organisation of the Post-Vedic period, with special reference to the growth of the caste system.

Books recommended indicating the standard required.

1. Cambridge History of India, Vol. 1, pages 1—318.
2. V. A. Smith—Early History of India.
3. R. C. Dutt—Civilization in Ancient India (omitting chapters on Political History).
4. Dr. P. N. Banerjee—Public Administration in Ancient India.

16.—Political Theory and Political Organization.

Politics.—This subject will include political theory and political organization. Candidates will be required to show a knowledge of the theory of the state, theories about the origin of the state, theories of law and sovereignty, citizenship, theories about state interference, the structure of Government, forms of Government and the ends of the state. A knowledge of the historical development of some of the more important theories will also be required.

Political organization will include a study of the details of the British constitution and the Indian constitution and the outlines of the constitutions of France, the United States, Germany, Canada, Australia and South Africa. The history of institutions is not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

17.—Anthropology.**Social.**

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

Physical.

The subject includes pre-historic Archaeology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

18.—Comparative Philology.

The subject shall include—

(a) the general principles of the Science of Language, including Elementary General Phonetics, Families of speech, Evolution of Language in Phonetics, Inflections, Syntax and Meaning, the Evidence of Language in the History of Civilization and History of Philological Speculation.

(b) The Philology of one of the following languages to be selected at the option of the candidate:—

Sanskrit, Pali, Persian, Arabic, English, Bengali, Hindustani (Urdu or Hindi).

The paper will be in two parts with 75 marks for each.

19.—Bengali Language and Literature.

The candidate will be expected to possess a general knowledge of the history of development of the Bengali Language and Literature from the time of Chandidas down to the death of Bankim Chandra Chatterjee. The question will demand a first-hand acquaintance with the important works of each period within the above limits, and will include points of Grammar, Philology, Social and Political History, as well as literary criticism. The answers should be given in Bengali, the correctness of which will be taken into consideration in awarding credit.

20.—Geography.

Candidates may be asked to show their ability to draw neat and accurate maps.

A.—Geography of the world.

- (1) Elementary Astronomy.
- (2) Natural Phenomena—Wind, rain, etc., and their causes.
- (3) Land and sea distribution. Main river and mountain systems of the world; their importance, political and economic.
- (4) General Climatic Geography of the World.
- (5) Main trade routes. Distribution of oil, coal, wheat, wool, cotton, rice, jute tracts.

B.—Geography of India.

- (1) General description and Physical Geography.
- (2) Relation of Geography to—
 - (a) Climate (with special reference to the monsoon currents).
 - (b) History of India.
 - (c) Economics. The main products of the country and their nature of transport and distribution. Railway and river systems.
- (3) Influence of Geography on relations of India with—
 - (i) Neighbouring countries.
 - (ii) United Kingdom.
- (4) Ethnographic Geography.

C.—Geography of Bengal.

River and railway system.
 Natural products.
 Ports.
 Trade—Internal and External.
 Climate.

21.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States.
 British Colonies and the Native States of India.
 Sea and the Territorial waters: Nationals, Aliens and Domicile.
 Nationality and nationalisation in India and the Colonies.
 Criminal jurisdiction and extradition.
 Jurisdiction of the High Court of Justice and the Foreign Courts.
 The Peace Treaty, and
 The League of Nations Covenants.
 Legal relations as affected by war.
 Duties of neutral states.
 Contraband of war.

22.—Roman Law.

Historical sketch of the Roman Law down to Justinian.
 General knowledge of the subject with special reference to the law of persons.
 Law relating to real rights.
 Law of obligations.
 Law of succession—both testamentary and intestate.
 Criminal Law and Procedure.
 Book recommended:—

A Manual of Roman Private Law, by W. W. Buckland, Cambridge University Press, 1925.

23.—Jurisprudence and Principles of Legislation.

Jurisprudence—What it means; its growth as a science of positive law.

A general knowledge of the subject with special reference to—
 Law and Rights.
 Private Law.
 The application of law.
 Principles of Legislation—with special reference to the Legislative Idealism in the 19th century.
 The Rights of the Individual.
 Principles of utility and the distribution of property.
 Offences and Punishments.
 Free Trade and Protection.
 The Fundamental doctrines of Socialism—Aims and policy of the Socialists—Socialist views regarding Land and the Landlords, the Capital and Capitalists, unemployment.

24.—English Constitutional Law.

A general study of the subject with special reference to the Nature of Constitutional Law and its place in jurisprudence.
 Nature of Parliamentary Sovereignty.
 House of Commons.
 House of Lords.
 Functions of the Crown in Parliament. Cabinet.
 Right to Personal Freedom.
 Right of Freedom of Discussion.
 Right of Public Meeting.
 Conventions of the Constitution.

25.—Hindu Law.

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources—Ancient and Modern sources. Legislation relating to Hindu Law. Schools of Law.
2. Marriage—Kinds of; Capacity for marriage and prohibited degrees. Effect of marriage. Rights as between husband and wife.
3. Sonship—Legitimate and adoptive—Effect of illegitimacy—The law of adoption—Joint family, Mitakshara and Dayabhaga law. Partition. Impartible Estates.
4. Law of inheritance according to the Mitakshara and Dayabhaga Schools.
5. Law of Wills—Hindu Wills Act—Probate and Administration Act—Hindu Disposition of Property Act. Trusts and Endowments. Private and Public Debtor.

26.—Muhammadan Law (according to the Hanafi and Shiah Schools).

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources. Schools of law. Custom in Muhammadan Law.
2. Marriage—Capacity for marriage—Prohibited relations—Forms of marriage—Essentials of marriage—Effect of marriage—Law of Dower—Divorce.
3. Sonship—Legitimacy—Kinship—Affinity and Fosterage.
4. Law of inheritance.
5. Law of Gifts—Donatio mortis causa—Wakfs, public and private—Wakf Validating Act.

27.—Commercial Law.

Arbitration; Contracts; Principal and Agent; Partnership; Limited Companies; Guarantees; Carriage by Land; Carriage by Sea; Insurance; Sale of Goods; Negotiable Instruments; Bankruptcy.

28.—Statistics.

(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus, frequency distributions, average percentiles, and simple methods of measuring dispersion, graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data; the practice of the simplest graphic and algebraic methods of interpolation.

(2) The application of the more practical methods of statistics to the interpretation and analysis of Indian Statistics relating to population, trade, prices and wages.

(3) Elementary Mathematical Statistics including:—Forms of average and measures of dispersion. The normal curve, and methods of deriving other frequency curves. Theory of association, and correlation for two variables. Theory of errors of sampling as applied to the above.

A wide choice of questions will be given so that a candidate without advanced mathematical knowledge can obtain full marks by answering questions under paragraphs (1) and (2).

SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:—

Age.	Height without shoes.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.	
21 and upwards	62½ and under 65	30	32
	65 " 68	31	33
	68 " 70	32	34
	70 " 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

6. Colour vision need not be taken into account.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

NOTIFICATIONS.

The Charitable Endowments Act, 1890.

No. 808T.Edn.—The 20th June 1929.—It is hereby notified that the Government of Bengal, in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act No. VI of 1890 and upon the application and with the concurrence of Edward Esmond (formerly Edward Ezra) of 59, Ezra Street, Calcutta (hereinafter referred to as the Donor), doth hereby order and direct that the securities described in the First Schedule hereunder written shall as from the date of the first publication of this notification vest and be thenceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter referred to as the said Treasurer) to be held by him and his successors subject to the provisions of the said Act and the Rules from time to time framed thereunder by

the Governor General of India in Council upon trust to permit the said securities and the income thereof to be used for the endowment and maintenance of a permanent fund (such fund to be called "The Edward Esmond Jewish Girls' School Fund") for or towards the upkeep, maintenance and improvement of the Jewish Girls' School called or known by the name of Kehillath Yeshurun situate at No. 8, Pollock Street, in the town of Calcutta (the foundation or corner stone of which was laid by Sir David Ezra the brother of the Donor on the fifteenth day of January five thousand six hundred and eighty-six corresponding with the twenty-seventh day of June one thousand nine hundred and twenty-six) in accordance with the terms of a Scheme of Management the particulars whereof are set forth in the Second Schedule hereunder written.

And it is hereby further notified that the said scheme shall come into operation on the vesting of the said securities in the said Treasurer.

The First Schedule above referred to.

Rs. 75,000 (nominal) of 5 per cent. tax free loan of the Government of India redeemable 1945-55 as follows:—

	Rs.
No. 030380	50,000
No. 030379	25,000
Total	75,000

The Second Schedule above referred to.

Scheme of Management.

1. The said endowment shall be called "The Edward Esmond Jewish Girls' School Fund."

2. The objects of the fund are to provide out of the income thereof for the upkeep and maintenance of the Jewish Girls' School called or known by the name of Kehillath Yeshurun at present carried on at No. 8, Pollock Street, in the town of Calcutta, and for the improvement of the educational facilities provided by the said school for girls professing the Jewish faith in such manner as the Board of Management hereinafter referred to shall in their absolute discretion from time to time decide.

3. The fund shall be administered by a Board of Management of the said school consisting of the members for the time being including the President and the Vice-President of the Jewish Girls' School. The President or in his absence the Vice-President shall be Chairman of the Board of Management. The Board of Management shall hold such meetings as any member thereof shall from time to time consider advisable.

4. The income of the said fund shall be remitted when and as collected by the said Treasurer to the Vice-President for the time being and shall be applied by him towards the objects specified in clause 2 of this scheme in such manner as the said Board of Management shall in their absolute discretion from time to time decide.

5. All questions at any meeting of the Board of Management shall be decided by a majority of votes and in the event of an equality of votes the Chairman shall have a second or casting vote. In the event of the Chairman of the Board of Management not being present at any meeting of the Board of Management the members present shall elect a Chairman for that meeting.

6. In the event of the said school ceasing to be carried on the said fund shall revert to the Donor or to such of his heirs (if he be not then alive) as may then be ascertained to be living.

[Fourth Publication.]

No. 131.—*The 7th June 1929.*—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32"=1 mile when such are available, and elsewhere at scale 16"=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office: in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khassra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khassra*. Should the survey map and *khassra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khassra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khassra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khassra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- (i) In the preparation of applications for leases.
- (ii) In the measurement of irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the Circle Officer any changes in the occupancy of lands under lease.
- (vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

- (i) That the water is to be exclusively used for domestic purposes, or for watering cattle.
- (ii) That a channel exists through which water can pass without waste.
- (iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.
- (iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.
- (v) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Salbundh Canal.

	Rs. A.
For water supplied on a lease for a term of years—supply given from 16th June to 15th November of each year.	2 4 per acre per season, up to the 15th November 1931.
The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year.	3 0 per acre per season, after the 16th June 1932.
For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same.	3 0 per acre, up to the 15th November 1931.
Supply given from date of covering lease to 15th November of that year. The rate is due as in case of lease for a term of years.	4 0 per acre, after the 16th June 1932.
For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June. The rate is payable on 1st June following.	3 0 per acre.
For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21 subject to a maximum of Rs. 5 per acre or 2 rupees per 10,000 cubic feet, if taken into tanks, etc. Such rates shall be due on presentation of the notice of assessment to the person assessed.	

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

(Yearly rate, per acre: water to be supplied each year from the
16th June to 15th November only.)

We, the undersigned, of mauza _____, pargana _____, thana _____, apply for water to be supplied from the Salbundi Canal for a term of _____ years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Circle Officer, Midnapore Revenue Division or other officer in charge of the Revenue Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for _____ pages, Notification No. _____.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

Application for a covering lease.

We, being the principal cultivators of mauza _____, pargana _____, thana _____, on our own behalf and on behalf of the other cultivators of the mauza, hereby certify that we have presented an application for grant of a long lease to cover all the irrigable land in the block situated in mauza _____, the area of which is approximately _____ acres* the boundaries of the block being specified below.

2. Now in order that we may obtain a supply of water at once and before the long lease can be completed, we, whose signatures or marks are annexed below, severally and jointly bind ourselves to pay the water-rate on the whole area within the limits of the block as specified, which may be determined by the Canal Officer to be irrigable.

3. In the event of a long lease not being completed through the default or non-consent of any of the cultivators of irrigable lands within the block, a rate of Rs. _____ per acre on the area determined for in the present season will be charged to us and will be payable by us on or before the 1st January and 1st February next, or if Rs. 10 and under on or before the 1st January; water to be supplied up to the 15th November only.

* A note should be given to show the equivalent in the local measure of an acre.

No. 111.—The 13th May 1929.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make for the Nalchiti-

Bakarganj. Koterdone Khal joining the Nalchiti river in the north and Biskhali Done leading to the Bakarganj river in the south, in the district of Bakarganj, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 15th July 1929, and any objections or suggestions received by the undersigned before that date will be considered:—

Draft rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, any remainder of less than $12\frac{1}{2}$ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

- | | |
|---|----------------------|
| (1) On all vessels empty or laden, per hundred maunds | Twelve annas. |
| (2) On all vessels empty or laden, for 12½ maunds or less | One anna six pies. |
| (3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth | Six annas each raft. |

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

- (a) Guntia Khali khal (in the reach, mile 68 to mile 72).
- (b) Cut No. 2 (in the reach, mile 78 to mile 82).
- (c) Baitaghata khal (in the reach, mile 102 to mile 107).
- (d) Alaipur khal (in the reach, mile 121 to mile 130).
- (e) Bemorta khal (in the reach, mile 136 to mile 143).
- (f) Damodar khal (in the reach, mile 152 to mile 156).
- (g) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salvaged, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salvaged by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(i) Actual cost of salvaging the vessel.

(ii) Cost of serving the notice.

(iii) Cost of removal, maintenance, custody and protection.

(iv) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.
